**NeTLIMS Introduces Newest Release of Genetic Testing Module for its AutoLIMS Product Suite**

**Jersey City, NJ, April 8, 2010** -- NeTLIMS NJ, LLC, a provider of advanced Laboratory Information Systems (LIS), today announced the newest release of AutoGenetics™, the genetic testing module for its AutoLims™ product suite.

AutoGenetics incorporates advanced genetic testing and typing of the various genetics labs, molecular genetics and cytogenetics. The system supports the different types of tests and techniques such as PCR, Gel electrophoresis and Blotting and can guide the user through both the processing workflow and resulting. In addition, AutoGenetics latest release uses cutting-edge technology to generate sophisticated evaluation reports, customizable for each client, based on tests, results and pre-defined templates. Its flexibility allows users to support working processes per their specific definition.

“This module provides complete support of the special features required to process these tests, including procedures such as Fragile-X for both parent and the embryo and more,” remarked Gonen Ziv, COO of NeTLIMS. “It does this while maintaining the uniform flow, look and feel of our AutoLims solution.”

NeTLIMS' AutoLims product suite maximizes clinical laboratory productivity, efficiency and profitability through technological superiority, accuracy, ease of use and careful attention to customer needs. Its advanced architecture and design includes multi-tier technology, multiple platforms support (all variants of Windows clients, UNIX/Windows Servers), multiple database support (Oracle, MSSQL, Informix, Cache), multiple order entry method support (screen, barcode, OMR, ASCII files), multi-user technology, browser access to lab results and flexible color XML/XSL reporting.

**About NeTLIMS NJ, LLC**

NeTLIMS develops, markets and supports the AutoLims product suite. Since 1996, AutoLims has been powering hundreds of medium to large clinical laboratories in hospitals and commercial laboratories worldwide. NeTLIMS customers include Quest Diagnostics, top New York City hospitals, HMOs including Clalit – one of the worlds largest HMOs, and hundreds of laboratory installations, worldwide. Simply Powerful - AutoLims is lightning fast and extremely intuitive. AutoLims supports the complete needs of all types of clinical laboratories, from an individual lab to a network of laboratories. A perfect combination of cutting edge technology and unparalleled customizability and extendibility allows AutoLims to provide state of the art solutions for all disciplines inside the laboratory and for all stages of the testing process.
