

FOR IMMEDIATE RELEASE

**NeTLIMS™ Announces the Appointment of Shachar Wolfman as
V.P. of Technology for the Company's North American Headquarters**

Jersey City, NJ, September 27, 2011 - NeTLIMS™ NJ, LLC, a provider of advanced Laboratory Information Systems (LIS), announced today that Shachar Wolfman is returning to the company's United States headquarters as Chief Technology Officer (CTO) and Vice President of Technology.

Wolfman most recently served as V.P. of Research and Development for NeTLIMS Israel (Softov). He initially served as CTO of NeTLIMS in the U.S. from 2007 to 2009, prior to which he filled the AutoLims Infrastructure Development Director role at NeTLIMS Israel from 2002 to 2007. Before joining NeTLIMS, Wolfman was Senior Developer and Lecturer at Ness Technologies in Israel. Prior to that, he held the position of E-Commerce Programming V.P. at Option-LTD (Israel).

"Shachar has shown himself to be an outstanding manager, and we are excited to have him back as CTO and V.P. of Technology for our North American headquarters," commented Gonen Ziv, COO of NeTLIMS. "In addition to his extensive technical knowledge, he has exceptional leadership capabilities which will strengthen our entire team going forward."

"Shachar's technical abilities are exceeded only by his commitment to NeTLIMS and NeTLIMS' customer satisfaction. I hold him in the highest esteem," added Barbara Sevener, Technical Development Manager for Chicago-based NICL Laboratories, a NeTLIMS customer.

In his current role as V.P. of Technology, Wolfman is responsible for ensuring that the company's technology leadership strategy for its U.S. headquarters is aligned with its overall global business objectives and that its two main locations function seamlessly and in tandem in product development. He will re-define and maintain NeTLIMS' technology platform and processes in accordance with the constant changes in automated technology in the healthcare industry. Also, Wolfman will oversee the modification and enhancement of existing software and application platforms to achieve the overall business goals of the NeTLIMS organization on a global basis.

About NeTLIMS NJ, LLC

NeTLIMS develops, markets and supports the AutoLIMS product suite. Since 1996, AutoLIMS has been powering hundreds of medium to large clinical laboratories in hospitals and commercial laboratories worldwide. NeTLIMS customers include Quest Diagnostics, leading state-of-the-art hospitals, HMOs (including Clalit Health Services – one of the world's largest HMOs) and hundreds of laboratory installations, both nationally and globally. Simply powerful - AutoLIMS is lightning fast and extremely intuitive. AutoLIMS supports the complete needs of all types of clinical laboratories, from an individual lab to a network of laboratories. A perfect combination of excellent client services, cutting edge technology, unparalleled customizability and extendibility allows AutoLIMS to provide state of the art solutions for all disciplines inside the laboratory and for all stages of the testing process.
