

FOR IMMEDIATE RELEASE

NeTLIMS™ Examines Laboratory Trends in "Laboratory Information Systems (LIS) in the 21st Century: The Challenges and the Promises"

Jersey City, NJ, November 15, 2011 - NeTLIMS™ NJ, LLC, a provider of advanced Laboratory Information Systems (LIS), today announced the availability of its white paper by The Dark Report titled " Laboratory Information Systems (LIS) in the 21st Century: The Challenges and the Promises."

The white paper examines current trends and issues faced by laboratories across the country by focusing on two case studies involving NICL Laboratories in Illinois and Shiel Medical Laboratory in New York. Both NICL and Shiel were able to upgrade and expand their operations by utilizing NeTLIMS' AutoLIMS® product suite. AutoLIMS is a powerful and intuitive, easy-to-install laboratory information system (LIS) that covers all aspects of a clinical lab's operation while providing lightning-fast responsiveness.

"This white paper highlights how our product suite has been able to help laboratories such as NICL and Shiel, improve patient care and medical outcomes by maximizing their clinical laboratory productivity," explained Gerald Choder, VP of Sales and Marketing, NeTLIMS.

"Laboratories and the issues with which they deal are constantly changing, and it's important for them to have a partner to help them deal with these issues and continue to be successful."

The Dark Report is a periodic intelligence report which reports news about the latest facts and trends that affect medical laboratories of all kinds. Along with The Dark Group, Inc., and The Dark Report Intelligence Service, The Dark Report provides intelligence and strategic market analysis exclusive to CEOs, CFOs, COOs, pathologists, pathology groups, senior laboratory executives and investment professionals.

About NeTLIMS NJ, LLC

NeTLIMS develops markets and supports the AutoLIMS product suite.
